TWICE-TOLD TESTIMONY

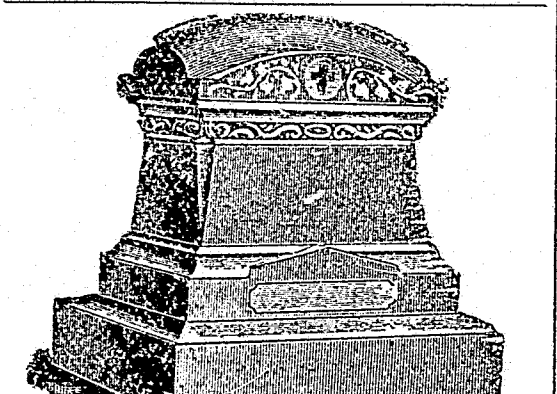

Norway People Are Doing All They Can For Fellow Sufferers

Norway testimony has been published to prove the merit of Doan's Kidney Pills to others in Norway who suffer from bad backs and kidney ills. Last year's sufferer doubt this evidence of merit, we produce confirmed proof—statements from Norway people who again endorse Doan's Kidney Pills—confirm their former testimony. Here's a Norway case:

S. C. Foster, barber, says: "I have used Doan's Kidney Pills and I am only too glad to say to others I think they are the best of kidney medicines. Several years ago I had kidney trouble. I got Doan's Kidney Pills at F. P. Stone's Drug Store and I was soon feeling all right again. I remained so for a long time, but later caught cold and my kidneys gave me trouble. I again took Doan's and they gave me relief."

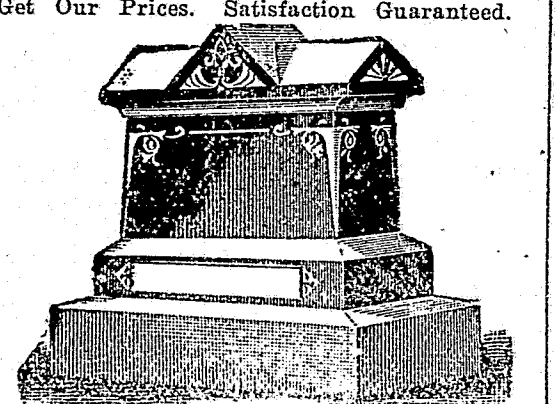

EIGHT YEARS LATER, Mr. Foster added: "I still think as well of Doan's Kidney Pills today as when I first endorsed them. I used them occasionally, as I feel in need of them and I am always promptly benefited."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Foster had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

MORE POETRY

(Collaboration by the Janitor and the Territorial Manager. May be sung, chanted, whistled or tatted. Not copyrighted.)

Mary had a Mandolin
Of nicely rounded torso,
And so she thought she would begin
To be a virtuoso.

She hunted up a teacher wise
Her lessons to commence,
And teacher sure did criticize
The "bug's circumference."

It gave to Mary great chagrin
To hear her choice disputed,
And so she took the Mandolin
And rapidly skiddooted.

But teacher was a Gibson crank,
So Mary's name he whistled
Upon a yellow prospect blank
Which in Kazoo soon lighted.

Mary had a little grin—
The tale's so old it's seedy—
For now she plays a Mandolin,
A Gibson, yes indeed!

The Gibson Mandolins and Guitars are the best made. Inquire at

NORWAY AND VICINITY

George E. Gibbs
George Emory Gibbs of Athol, Mass., aged 51 years and six months died at his home Dec. 23. Death was due to shock. He was born in Athol on July 26, 1868, and had lived in Athol all of his life, except 11 years when he lived in Orange, Mass., where he worked in a furniture store. Being of a genial nature he enjoyed the esteem of all who knew him. In the grocery trade he was well known having conducted a store.

Mr. Gibbs was a past master of the Athol Lodge of Masons. He had for the past several years been employed as a toolmaker at the Union Trust Co. Besides his wife, who was Edith Hall of Norway, who lived in the family of David Jordan before leaving Norway, he is survived by five children, Howard and Verne of Worcester, Wayne, Catherine and Eunice of Athol, and one grandchild, Robert George Gibbs of Worcester. The funeral was held from the Congregational church, Friday at 2 o'clock, Dec. 26, with Masonic honors. Rev. F. W. Peakes and C. O. Eames officiating. Burial in Highland cemetery.

Mrs. George E. Walker has closed her home on May's street for the present and is stopping with her niece and husband, Mr. and Mrs. Edward D. Packard, during the cold weather. Mrs. Mary Child, who has been stopping with Mrs. Walker for several weeks, has returned to her home in Hartford. Mrs. Izah Whitman of Red Wing, Minn., is stopping with her brother, Stephen Hatch. Mr. Hatch is not in the best of health.

Out of accumulated capital have arisen all the successes of industry and applied science, all the comforts and ameliorations of the common lot. Upon it the world must depend for the process of reconstruction in which all have to share.
—JAMES J. HILL.

The Successful Farmer Raises Bigger Crops

and cuts down costs by investment in labor-saving machinery.

Good prices for the farmers' crops encourage new investment, more production and greater prosperity.

But the success of agriculture depends on the growth of railroads—the modern beasts of burden that haul the crops to the world's markets.

The railroads—like the farms—increase their output and cut down unit costs by the constant investment of new capital.

With fair prices for the work they do, the railroads are able to attract new capital for expanding their facilities.

Rates high enough to yield a fair return will insure railroad growth, and prevent costly traffic congestion, which invariably results in poorer service at higher cost.

National wealth can increase only as our railroads grow.

Poor railroad service is dear at any price. No growing country can long pay the price of inadequate transportation facilities.

Old Friends are True Friends

The man, who loves a dog and a pipe, has two staunch friends that never fail him in good luck or in bad. They give all and ask nothing in return. Day by day they become nearer and dearer to him. The man who has not a dog and a pipe has missed two of the greatest things this good old world can give.

Every man who loves his pipe should know Velvet, the one tobacco that brings out all of a pipe's best and sweetest qualities. Your pipe takes on an added friendliness from Velvet's choice Kentucky leaf aged in the wood to a mellowness that's rich and smooth as cream.

Your pipe takes on a mild sweetness that is Velvet's natural tobacco sweetness. And around you hovers the real tobacco fragrance that all good pipe smokers love.

Never did Velvet Joe say a wiser, truer thing than this:

"Folks say you can't buy friendship. You can buy a dog and a pipe and good old Velvet—and I reckon no man ever had three better friends."

Leggett & Sons Tobacco Co.

There's a lot of pipe-loads in every big generous tin of Velvet, and every pipe-load is good tobacco at its best.

The above program was an excellent one and if it had not been such a cold blustery night the house would have been full of listeners. At it was there was a fair house in spite of the weather. Papers were written on the various subjects pertaining to the 18th Amendment by all the pupils in the high school and grammar rooms. The above with another one or two who were not able to be present were selected for the public meeting and were Mrs. Emery's talk about "more yet to do to keep the law," was to the point and interesting as he always is. The following excerpts from Rev. Raita's address as interpreted by Mr. Immonen:

Rev. Hendrie Rengvist was the first temperance promoter in 1853 and called themselves "reasonable friends." First regular temperance society in 1857 were three sisters named Hellman. One of these was a schoolteacher and while teaching school she saw the evil of intemperance among the children. These three sisters prayed God to help. That summer a steamer got lost on Finland shore and in that steamer was Col. Bent from Sweden, who came to city hall and talked to the people and children about the harm of drink and made a pledge for them which they all agreed by the help of God to go without drink. The next summer they had a big meeting called but only "seven drunks" came to the meeting.

In 1883 a man by the name of Verko in the city of Turku got up the first temperance news paper. Same year a man named Granfield wrote a temperance book that helped make lots of temperance sentiment. Twenty years later than these three sisters started when they had only "seven drunks" for meeting, now there were held big temperance meetings in many cities, now has grown to be more temperance people than those who were not. In 1887 young people's temperance societies were formed.

OXFORD

Mrs. G. P. Lane
Died at her home in Oxford, Jan. 11, 1920, Mrs. Guiliana Phillips Lane, aged nearly ninety years. The deceased was born in Gray, May 3rd, 1830, the daughter of Sophia E. and Barney Phillips. She was educated in the common schools and at Westbrook Seminary. She engaged in the profession of teaching and was until her marriage a very successful teacher in the schools of Gray, Gloucester and surrounding towns.

In 1866 she married Cyrus Lane of Raymond, who died in 1888. Two children were born of this union, Wendell Anderson Lane and Harriet Amelia Lane, who survive her.

In 1889 she moved to Oxford in which town she resided until her death. Mrs. Lane was a woman of rare mental ability, a great reader and scholar, an enthusiastic naturalist and philanthropist as well as a devoted wife and noble mother. Birds, dumb animals, outcasts and prodigals all turned instinctively to her as their protector and friend and she never, never failed them. Out of her generous heart and often slender means she gave and gave and still she gave, hoping for nothing again. Always the good Samaritan, she saved the recipients of her bounty ever knew how much or where she gave. Her mind was active and vigorous till the end of her long and useful life. In religion she was a staunch Universalist: as a Phillips of Gray, she stood for Universalism wherever she was known.

"The feet that cease their walking here,
Tired of the way they've trod,
With strength renewed go travelling
The pathway up to God."
"The hand whose patient fingers now
Have laid earth's labor up
With loving skill has taken up
Some higher ministry."
"Let us be thankful through our tears
That she was ours so long
And try to live our lives of grief
And listen to her song."

F. A. Roberts, W. R. C.
The installation of T. A. Roberts W. R. C. was well attended considering the storm of Saturday. Mr. Jones and Mr. Pottle picked up the members in the village and took them home. Mrs. Mansur, Senior Vice of the Department of Maine, was installing officer and Mrs. Eva Robinson was conductress. It was a very pretty service. At the close the president presented the installing officers in behalf of the T. A. Roberts W. R. C. a beautiful vase. Mrs. Mansur replied in words of appreciation. Then she gave a fine poem on Our Flag. A fine buffet lunch was served by the ladies. "The proof of the pudding lies in the eating," so the ladies must have been good.

The following officers were installed for the ensuing year:
Pres.—Mrs. Mabel Greenlaw.
Sen. Vice Pres.—Mrs. Bita Curtis.
V. Vice Pres.—Mrs. M. A. Holden.
Treas.—Mrs. Jennie Adams.
Sec.—Mrs. Bibbie Hanson.
Chaplain—Mrs. Gustie Jones.
Conductress—Mrs. Eva Robinson.
Asst. Concl.—Mrs. Belle Whitman.
Guard—Mrs. Edna Dunn.
Asst. Guard—Mrs. Marcia Cook.
Patriotic Instructor—Mrs. Rose Stanton.

Musician—Mrs. Ada Hamlin.
Solo Singers—No. 1, Mrs. Nettie Smith; No. 2, Mrs. Mary Robinson; No. 3, Mrs. Annie Elden; No. 4, Mrs. Ida Davis.

The village was shocked last Wednesday by the sudden death of Mrs. Fannie Walker. She had been in the hospital in Portland four weeks for treatment for her neck which was injured by a fall some weeks before. The news of her condition the night before was favorable and her friends had every encouragement of her final recovery. Funeral Friday afternoon, Rev. C. G. Miller officiating. She leaves one sister, who for the past few years has been her constant care, one son of Portland and two step-sons to mourn their loss.
